***SIMPLY SCAN THE QR CODE TO REGISTER.***

- **Academics** - Reinforcing core ELA and math concepts in order to improve overall retention
  - Each student will have a 45 minute ELA block, Math block, and Tutorial block daily.
- **Social / Emotional Learning** - Engaging Electives & Team-Based Group Activities
  - **Electives:** Students will participate in two 45 minute electives daily. The electives will be engaging, enriching, and incorporate Social Thinking within instruction. Some of the electives offered last summer included: CSI, Boston sports history, Cooking with Curiosity, nature based crafts, and many more.
  - **Group Activities:** For 45 minutes each afternoon, students will work together on team based challenges that require them to apply problem solving skills as well as social skills, while being a supportive and involved team member.
- **Structured Socialization** - Similar to the school year, students will have the opportunity to independently implement their learned social skills by engaging with their peers during a mid-morning break period as well as at lunch.
